PRESS RELEASE

ETA® International Partners with IWCE for Education Forum 2024 in Orlando

Greencastle, November 28, 2023 – ETA® International is thrilled to announce its renewed partnership with IWCE for the highly anticipated 2024 Education Forum. This event is scheduled to take place from March 25 to March 28, 2024 in Orlando, Florida at the Orange County Convention Center.

The ETA and IWCE collaboration for the 2024 Education Forum has been a cornerstone in advancing knowledge, fostering collaboration, and driving innovation within the technology industry. This partnership underscores the commitment of both organizations to provide industry professionals with an unparalleled platform for learning, networking, and staying on top of the latest developments in the technology industry.

The 2024 Education Forum will feature 10 dynamic training courses. These courses consist of: Associate Certified Electronics Technician (CETa), Cybersecurity and Information Technology Security Training (ITS), Distributed Antenna Systems Installer (DASI), Fiber Optics 1-2-3 (FOI), General Communications Technician Training – Level 1 (GCT1), Line and Antenna Sweep (LAS), Microwave Fundamentals – Microwave Radio Technician (MRT), Practical Antenna Basics (PAB), Radio Frequency Interference Mitigation (RFIM), and Wireless Networking Technician (WNT). At the end of each course, each participant will have the chance to test for ETA certification in the respective area.

Registration for the 2024 Education Forum is now open and interested participants are encouraged to visit https://www.etai.org/education_forum.html for more information about the courses and registration details.

About ETA: Founded in 1978 by electronics technicians, ETA® International is a not-for-profit 501(c)(6) association whose mission is to represent and support the technical professional. ETA offers over 80 accredited, vendor-neutral certification programs in a variety of technology fields such as fiber optics, communications, electronics, biomedical, smart home, and renewable energy.

ETA aligns with the ISO 17024 standard, vocational and education curriculums, and businesses' resource initiatives through certification programs, conferences, and publications. Download ETA's Certification Booklet to see how ETA can help your career, business, or school. www.etai.org
